 Merimbula 3pts

PROGRESSIVE TAG & RELEASE POINTS 2018-19

Shellharbour 21pts
 Shoalhaven 3pts
 Eden 3pts
 Bermagui 2pts

The tail end of the Bluefin run was picked up by a couple of clubs at the Northern end of the zone early in the month with good numbers of what were smaller fish than those encountered in June. There have also been good numbers of small Mako's turning up for those chasing sharks.

The weather has been pretty ordinary as it often is at this time of year with only small windows of opportunity to get out fishing. Everyone please take care and be cautious especially of the strong Westerlies that we get at this time. It has been incredibly dry and in parts quite warm and I hope that everyone is safe and well after the recent bushfires in our area.

There was a significant change in the rules about backing at the recent NSWAGM and I have sent out an e-mail outlining the effect on Coastal waters trophies and Tag and Release points. Please ensure all your members are kept up to date with this change.

Like everyone else I am anxious for the weather and the water to warm up, in the interim there are plenty of sharks and the odd Yellowfin out there to be caught so get out there when you can.

Stay safe and tight lines
 Steve
